

From the health of your patients, to the health of your practice,
Consa is transforming care in mental health

Consa is an AI-powered solution that automates session documentation, empowers providers and enhances patient care.

100% HIPAA Compliant

Guaranteed EHR Integration

Revenue Enhancement

Increased Appointments

Enable each clinician to add up to two more appointments per week, significantly boosting revenue potential.

Recouped Time

Free up approximately 10 hours per week for your mental health providers by reducing charting time, allowing them to focus more on patient care.

Streamlined Billing

Reduce continuous follow up by your billing department for note completion, optimizing the billing process and reducing administrative overhead.

Unbilled Revenue Realization

Achieve a 0% unbilled revenue rate by ensuring notes are completed promptly, ensuring all services rendered are billed and collected.
